Ayn and Deb,

Thank you to all of you as well. I realize that you, Jim Martin and Martin Hestmark were also under pressure to get this done quickly as well. I also appreciate your patience and sense of humor. Glad I was able to help.

Amen to that. Jeff has been patient with the changing parameters of this assignment, and very responsive to the need for rapid turnaround- all this while keeping his sense of humor. The Pavillion team is VERY appreciative of his good work.

Tony:

I just wanted you to know that Jeff Mosal has done a wonderful job helping Ayn and I finalize the Pavillion data for entry to the Region 8 website. This effort was specifically requested by Jim Martin and an important contribution to ensuring EPA data is correctly represented for this important project.

Thanks again.
